Submission to the Low Pay Commission on the National Minimum Wage

Dear Secretary,

The National Union of Journalists is affiliated to the Irish Congress of Trade Unions. We note that Congress had made a submission to the Low Pay Commission.

Given the comprehensive nature of the submission there is no necessity for a separate NUJ submission s I wish to confirm the support of this union for the Congress submission and would ask that this support be recorded.

Representing a growing number of precarious workers in a vulnerable sector of the economy, including independent radio stations and regional newspapers, the NUJ fully endorses the position of Congress.

Irish Secretary
