**Subject: ICTU Submission Hourly Minimum Wage Low pay Commission 2016**

Hello Maire

The Guinness Staff Union fully supports the Irish Congress of Trade unions submission on the Minimum Hourly wage of February 2017.

Our Union fully subscribes to the principal of the Living Wages as mentioned in the ICTU Submission and we further believe that young workers terms and conditions have been adversely effected for some time now but especially since the recession of 2008. We believe that young workers and women workers require the benefits and limited security of a living wage especially in view of the exorbitant cost of Living in our cities .

Yours Sincerely

John Dunne

General Secretary
