

Dear [REDACTED]

In reply to your email 19/06/2018

The following is what we wish to submit.

As taxi drivers are in the main self employed, their exposure to the practice of withholding of tips is limited.

Our main concern in this area is that at least one of the taxi apps (i.e. My Taxi ) take 12% commission on tips that are paid via credit cards. Tips should be exempt from this commission and the total should go to the driver.

Yours sincerely,

[REDACTED]
