

Hello [REDACTED]

The IHF has gathered feedback from a recent survey re Protection of Employee Tips Bill 2017. The level of engagement from our members was very low with the very small percentage that did respond all indicating that they do not use the Tronc system, they do not agree with amendments to the Bill and that the area of tipping in their businesses does not need to be addressed.

Thank you for your communication.

Regards

[REDACTED]
